Sarjeet Kumawat

REACT/FRONTEND DEVELOPER

Results-driven UI Developer with expertise in building high-performance, user-centric web applications. Proficient in modern front-end technologies including React.js, Next.js, TypeScript, HTML, CSS, and SCSS. Skilled in optimizing user experiences through performance tools like Google Insights and seamlessly integrating with Content Management Systems (CMS). Known for delivering clean, scalable, and responsive code while ensuring cross-browser compatibility and adherence to best practices in design and accessibility. Passionate about creating innovative digital experiences and continuously staying ahead of industry trends.

EXPERIENCE   June 2024 - Dec 2024

Ubuy Technologies Pvt. Ltd.
React/Frontend Developer
As a Frontend Developer at **Ubuy Technologies**, I specialize in building responsive and high-performance web interfaces using React.js, Next.js, TypeScript, HTML, CSS, and SCSS. My role focuses on creating clean, scalable, and maintainable front-end solutions while optimizing user experiences with tools like Google Insights. In addition to front-end development, I collaborate on Ubuy's core Node.js-based and PHP-based projects, ensuring seamless integration between user interfaces and backend systems. This experience has strengthened my ability to deliver efficient, user-centric solutions across diverse platforms while staying updated with modern development trends and best practices

Grras Solutions Pvt. Ltd.   **March 2024 - June 2024**
React Internship
During my 3-month React internship, I gained hands-on experience building dynamic, responsive web applications using React.js. I worked on integrating RESTful APIs, optimizing component performance, and ensuring cross-browser compatibility. This internship sharpened my skills in front-end development and enhanced my understanding of modern JavaScript frameworks and best practices.

EDUCATION

M. Sc. In Information Technology   **2022 - 2024**
